GENERAL CONDITIONS OF CONTRACT

1. Type of Contract

The Contract shall be an item-rate contract. The Contractor shall be paid for the actual quantity of work done, as measured at site, at the rates quoted by him in the Contract Bills.

2. Schedule of Quantities

The schedule of Quantities given in the Contract Bill are provisional and are meant to indicate the intent of the work and to provide a uniform basis for tendering. The Owner reserves the right to increase or decrease any of the quantities or to totally omit any item of work and the Contractor shall not claim any extras or damages on these grounds.

Any error in description or in quantity or omission of items from the Contract Bill shall not vitiate this Contract but shall be treated as a variation.

3. Contract Drawings

In general the Drawings shall indicate dimensions, position and type of construction; the Specifications shall indicate the qualities and the methods; and the Bill of Quantities shall indicate the quantum and the rate for each item of work. Any work indicated on the Drawings and not mentioned in the Specification or vice versa shall be furnished as though fully set forth in both. Work not specifically detailed, called for, marked or specified shall be the same as similar parts that are detailed, marked or specified.

The Contractor's work shall not deviate from the Drawings and the Specifications.

4. Progress Chart

The Contractor shall prepare progress charts and submit the same for approval of the Architect and for his record within twenty-one days of the Award of the Contract. The chart shall indicate the expected date of commencement and completion of each of the items of the work.

5. Taxes

The Contractor shall add to the amount of his tender the amount of sales tax duty, any other taxes, legally payable and it shall be assumed that his rates cover for all taxes and duties and no claim on this account will be entertained.

6. Licenses and Permits for Materials under Government control

Licenses and Permits for all materials under Government control shall be obtained by the Contractor through the collaboration and help of the Owner, the Contractor shall include in his tender all transport charges and other expenses likely to be incurred to bring the materials to the Site.

7. Water and Electricity for construction

MPCA will provide single point connection for water and electricity (if required).

8. Certificates and payment

Payment shall be made as per mutual agreed terms and condition and 10 % of total contract value shall be as Retention money for 12 months.

9. Materials and Workmanship

All materials and workmanship shall be as per the relevant code of I.S.I Specification and of approved type and the Contractor shall immediately remove from the works any material and/or workmanship which in the opinion of the Architect are defective or unsuitable and shall substitute proper materials and/or workmanship at his own cost. The term approval used in connection with this contract shall mean the approval of the Architect.
